- ◆ The project is at 10-minutes drive from the upcoming Noida International Airport.
- ◆ The project's structure is **Earthquake resistant**.
- ◆ It is close to educational and healthcare facilities fetching more footfall.
- ◆ It is close to the proposed Monorail, ISBT, Film City and Night Safari.

## LOCATION ADVANTAGE

### Noida International Airport (Jewar Airport)

**Saviour Mahoharram** is located only at 10-minutes driving distance from the upcoming Noida International Airport. Jewar Airport is being developed as the largest airport not only in India but also in Asia. A planned city around it is being developed simultaneously. So, vast opportunities for industrial and commercial growth are also imminent soon. Given the widespread advantages of an international airport, the nearby areas are a top choice for any commercial investment.

## OTHER ADVANTAGES

### ENVIRONMENT FRIENDLY DESIGN

- Rainwater harvesting for the recharge of groundwater.
- Water supply, sewage treatment and reuse of treated sewage water for flushing and horticulture.

### EARTHQUAKE RESISTANCE DESIGN

- The building design is earthquake resistant structure as per NBC.
- Escape routes and standard response in case of earthquake will be displayed through signage.

### POWER REQUIREMENT & BACKUP

- 100% power backup (subject to applicable diversity factor) will be provided by DG sets.

### FIRE FIGHTING SYSTEM

The basic minimum requirement for Fire Fighting Installation shall be provided for the proposed Project.

- Fire alarms in case of fire
- Display of emergency exits, emergency phone nos.
- Overhead tanks and underground tank of reserve water for firefighting.
- Fire hydrants and Hose reels.
- Sprinklers shall be provided as per NBC.
- Portable fire extinguishers shall be provided as per fire norms.

### EMERGENCY EVACUATION PLAN

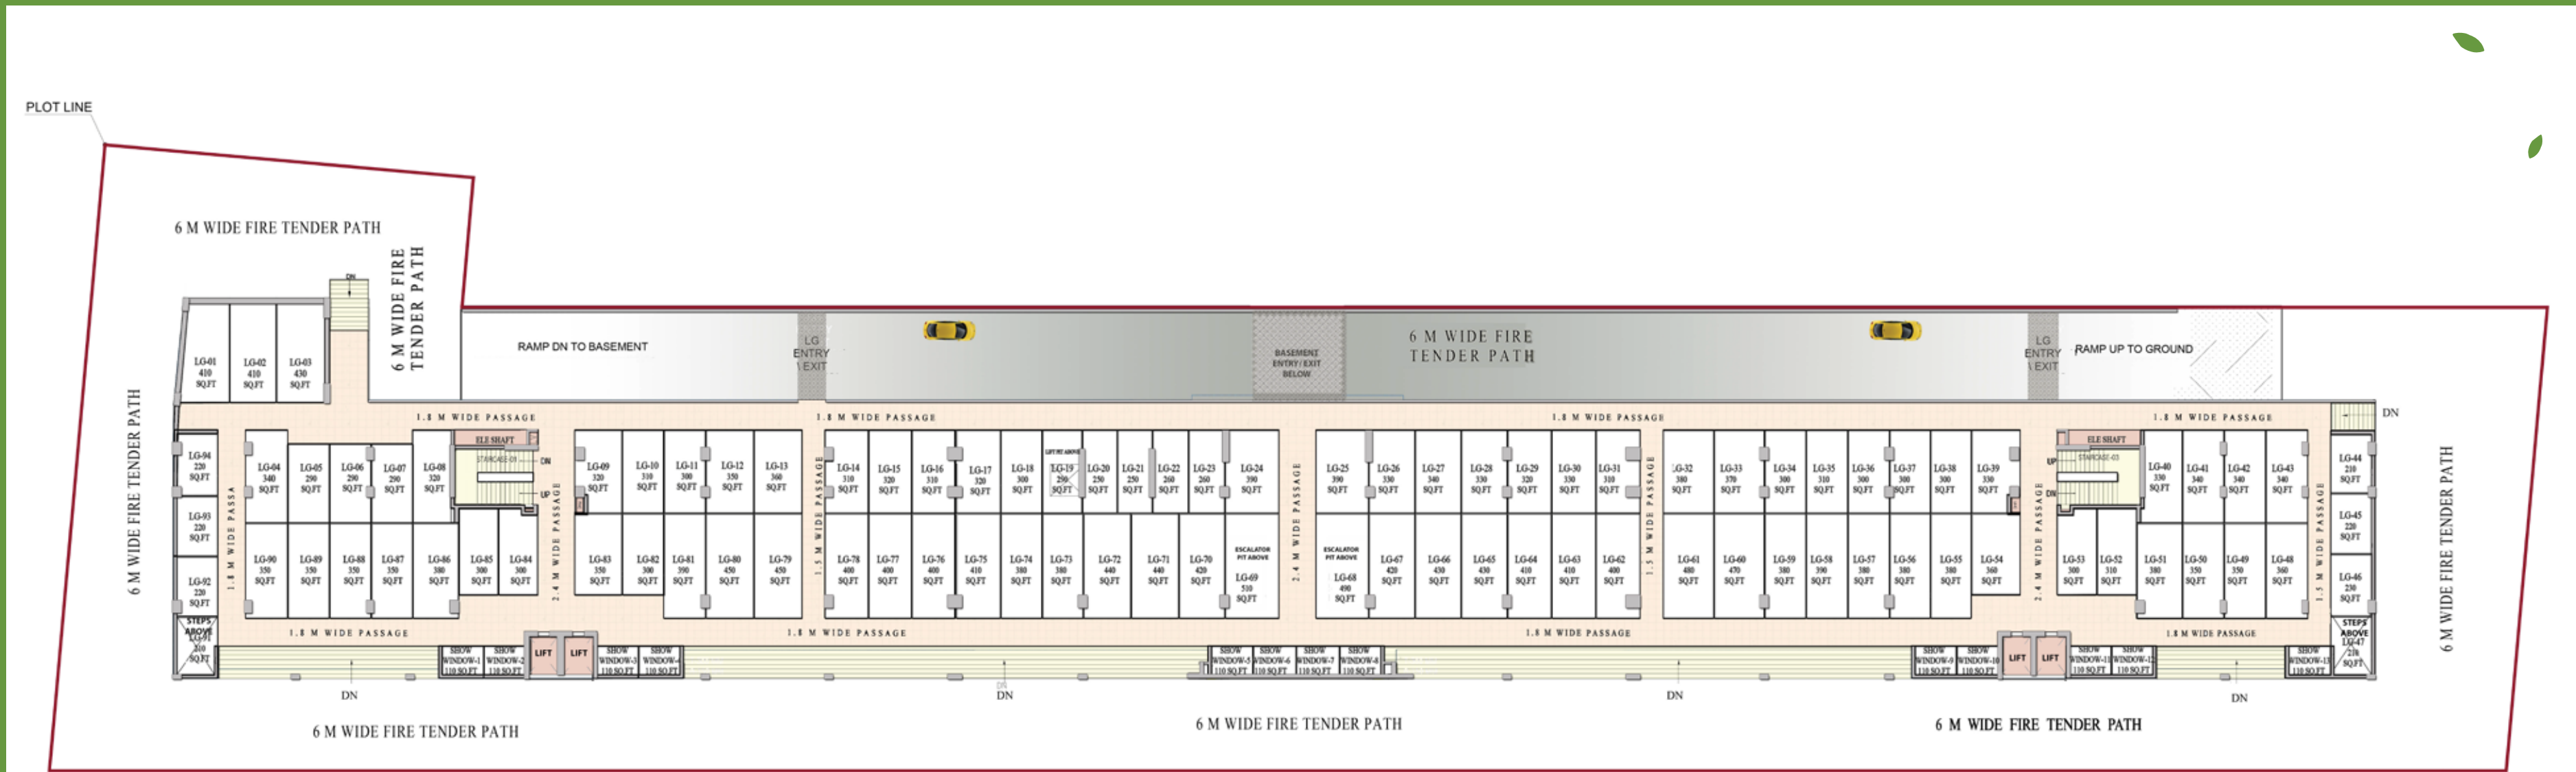

- Fire staircase will be provided as per approved plan and proper signage will be provided for emergency evacuation.

### STORM WATER

- Storm water shall be collected and recharged in ground. Final overflow to be connected with municipal drainage system if required.

## ESS AND DG (MAX. CAPACITY)

- **DG Set** - As per Load Requirement
- **Transformer** - As per Load Requirement

## OVERVIEW

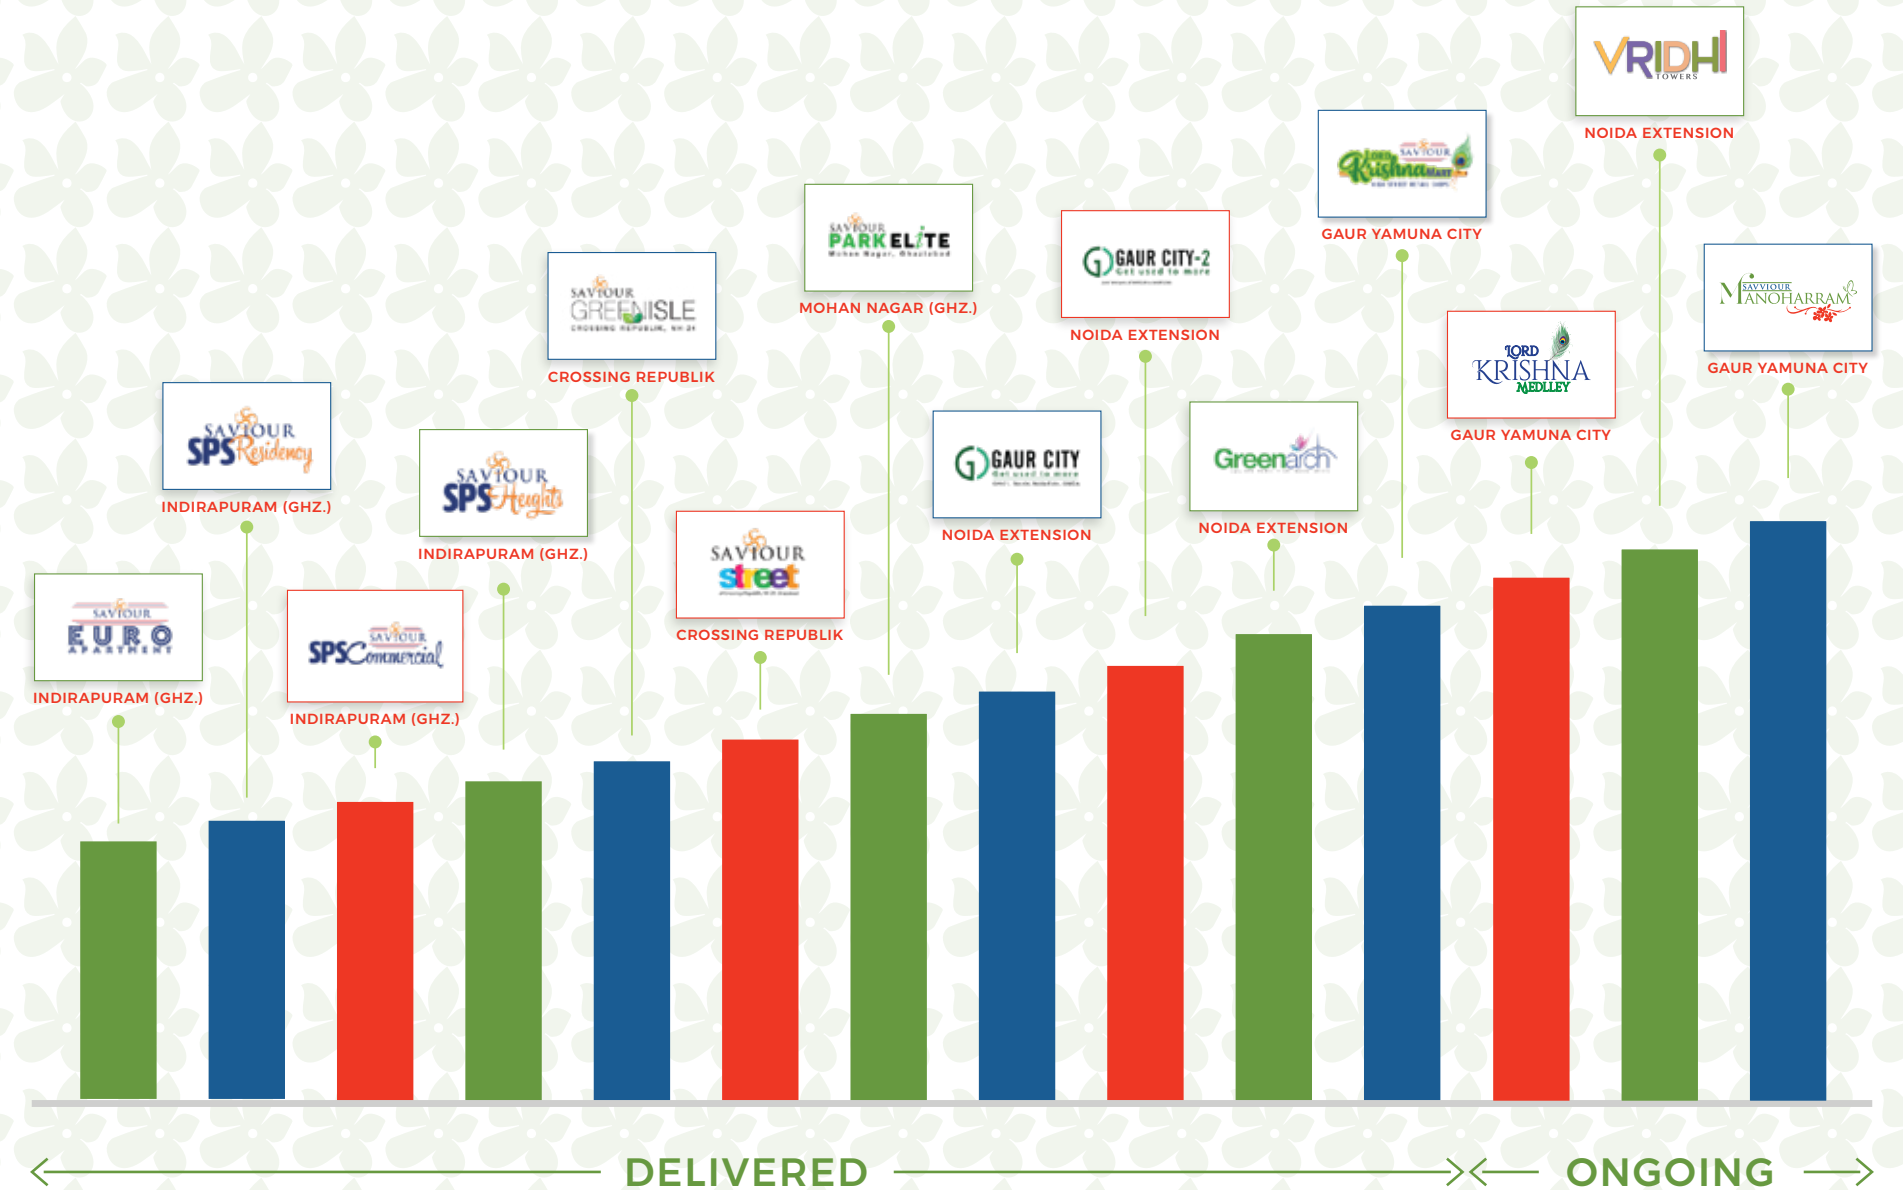

At Savviour, we are a group of creators trying to explore the world of real estate by meeting new global standards every day. Here, as a family, we create landmarks that transform lives and inspire thousands of possibilities. We believe every project is a springboard for dreams and aspirations to make our customers future better in every possible way. With every development, we aspire to reach higher and higher levels of design and craftsmanship that have built a legacy of trust spanning four decades.

Our projects are not just a place for you to a global-level commercial venue but also are nestled in developments where we bring an extra touch of assurance to ensure the smoothest business experience.
